## Introduction

The EMA APP is a mobile energy monitoring application designed to be used by owners of APS microinverter products. Users can check the real-time performance, historical power output, and environmental benefits of their PV system from their mobile device.

#### Software Requirements:

- iOS 7.0 or later / Android 4.0 or later
- An APS EMA account (check with your installer if you do not have a registered EMA account)

# Download and Login to the EMA APP

#### Download the EMA APP

IOS:

- **1.** Search for EMA APP in the Apple App Store.
- 2. Download the EMA APP.

Note: the EMA APP requires iOS 7.0 or later

Android:

- 1. Login <u>www.apsystems.com</u>
- 2. Choose your area below [Worldwide Locations] in the right upper corner
- **3.** Select [Library] below [Resources]
- 4. Download the EMA APP.

Note: the EMA APP requires Android 4.0 or later

#### Login

- 1. Enter your EMA account Username and Password.
- 2. Select the "Login" button.

Note: The EMA APP saves your Username and Password the first time you log in.

Rm. B403, No.188 Zhangyang Road, Pudong, Shanghai 200120, P.R.C 021-33928205 | info@altenergy-power.com

The Home page is displayed.

# Functionality

#### To View Real-time Output Power

1. Login to the EMA APP.

The Home page is displayed.

- Current power (in Watts) is displayed in the "Power Ball"
- Environmental Benefits (Gallons of gas, Trees, and CO2 emissions)
- Power Scale Indicator (Day, Month, Year, Lifetime)

#### To View Real-time Output Power (iPhone 4 and 4s)

**1.** Log in to the EMA APP.

The Home page is displayed.

- Current power (in Watts) is displayed in the "Power Ball".
- Environmental Benefits (Gallons of gas, Trees, and CO2 emissions)
- Power Scale Indicator (Day, Month, Year, Lifetime)

![](_page_6_Picture_0.jpeg)

2. Click on the *Environmental Benefits Toggle* to view the environmental benefits.

The environmental benefits are displayed.

![](_page_6_Figure_3.jpeg)

Note: You can toggle the environmental benefits on and off, allowing you to manage the display.

![](_page_6_Figure_5.jpeg)

![](_page_7_Picture_0.jpeg)

#### To View Historical Output Power and Environmental Benefits

- **1.** Log in to the EMA APP.
- Click the "D" button inside the *Power Scale Indicator* to toggle between D = Day, M = the 30-day period prior to "Today", Y = the 12-month period prior to "Today", L = Lifetime power production.

![](_page_7_Figure_4.jpeg)

![](_page_8_Picture_0.jpeg)

#### **To View System Performance**

**1.** Click on the *Functionality Selection* button in the upper left corner of your display.

![](_page_8_Figure_3.jpeg)

- 2. Select Performance.
- **3.** Click "*Date*" button, and select the date to view.
- 4. Click the "zoom" button to display the Performance Graph by full screen.

![](_page_8_Picture_7.jpeg)

The performance graph for the selected date is displayed.

![](_page_9_Picture_0.jpeg)

![](_page_9_Figure_1.jpeg)

**Note:** The two arrows on either side of the specified date can be used to select days to either side of the specified date.

![](_page_9_Picture_3.jpeg)

![](_page_10_Picture_0.jpeg)

#### **To View Historical System Performance**

- **1.** Login to the EMA APP.
- Select the button inside the *Power Scale Indicator* to toggle between D = Specified Date, M = the 30-day period prior to the Specified Date, Y = the 12-month period prior to the Specified Date, L = Lifetime power production.
